ALD Lions 9263

FIRST Robotics Competition · Aldershot School, Burlington, Ontario

Sponsor Team 9263

We're a student robotics team from Aldershot School in Burlington. Every season we design, build and program a full-size competition robot in a few weeks, then take it to events across Ontario. Sponsors make that possible.

Where your support goes

- Event registration fees
- Robot parts, motors and electronics
- Tools and materials for our build space
- Travel to events
- Outreach to schools that don't have a robotics program yet

Our track record

- Rookie All Star Award, 2023
- Won the University of Waterloo District Event, 2025
- Qualified for the FIRST Ontario Provincial Championship, 2026

Not just money: parts, machining, tools, software and mentoring help just as much. Ask us what we need this season.

Thank you to our 2026 sponsors

NAV Canada · Veolia Canada · Bozek Milligan Orthodontics · Allen Teska, Financial Planning Services · Bramur Customer Plastic Fabrication · Champion Print Studio · Dan's Welding and Fabricating · Inksmith · Aldershot High School
